To,
The Chairman
Mudalgi Education Society
Mudalgi.

Sub: Submission of a report regarding the observations and suggestions given by students, staff, alumni and employers which is collected from feedback process.

Respected Sir,

With reference to the subject cited above, I would like to bring to your kind notice that, every year our IQAC collect the feedback from our stakeholders like students, staff, alumni and employers on curriculum and also overall activities of our Institution. In this process there are some observations and suggestion made by the students, staff, alumni and employers in order to develop an integrated educational atmosphere on the campus.

It is indeed to provide the needful things like hygienic canteen, health club, parking place for vehicles, provision of sports materials, reading room and drinking water facility as observed by the students and staff.

Similarly the alumni of our college strongly suggested that the college should have transportation facility for students coming from far distance villages and good communication facilities like high speed internet and wi-fi for enhancing the knowledge of current affairs.

The local employers, who employed our college graduates, have also strongly suggested that the institution should incorporate some job oriented courses and programmes like computer certificate course, fashion design and agro based occupational course in its curriculum.

The consideration of this proposal, we believe that the observation and suggestion made by the students, staff, alumni and employers could make a significant positive impact on our campus activities mainly teaching-learning process in our educational journeys and we look forwarded to your response.

Thanking you sir,

0Mudalgi

Feedback Analysis and Action Taken Report

Obtaining of feedback on syllabus and its transactions is part of quality injection on the campus activities. The continuous improvement of quality as certified by the earlier Peer Team visit is the proof of transparent and fear free collection and initiation of action (oral and written action) on the reviews of feedback.

The impact of pandemic caused the crippling of the important quality deliverance on the campus. In spite of the hurdles we have made all the possible efforts for the sustenance and enhancement of quality in the execution of all institutional activities.

An important meeting was held to discuss on the feedback collected from students, teachers, employers and alumni. More importance was given to the students feedback on teachers and the qualitative deliverance of contents in the syllabus.

The pains taking and fruitful efforts of teachers were appreciated and important suggestions by the students in their feedback were listed. Alumni suggestions were made note off and the employers' feedback on the teachers' performance were also seriously considered. T

here were some oral information's and cautionary measures discussed for overall improvement of quality in bettering the institutional outputs
