CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The delivery and documentation of curriculum is an activity of paramount status in updating the knowledge of the learners. So we constituted the Academic Committee to monitor the same in a well-planned manner throughout the year. The viable action plan for effective delivery and documentation of the curriculum is prepared and the same is deployed by the committee in the following manners. • The contents of syllabus of all programmes are discussed in detail in the first meeting. The required competence and confidence for effective delivery of the same is ensured by assigning it to the efficient faculty members. Subsequently, the HODs allot the syllabus to their colleagues prior to each academic term to aid preparation. • The convenient and compatible timetable and viable teaching plans for the academic year is prepared during the admission period. • Teachers asked to prepare the time budget of the syllabus topic wise and month wise within the semester framework on par with co-curricular and extra-curricular activities. • The maintenance of work dairy by the faculty acquaints principal with the state of affairs with regard to curriculum delivery. • Innovative teaching methods and the usage of ICT devices in deliberations and transactions of curricula for effective implementation is facilitated and encouraged. • Departments are asked to maintain the records of their departmental meetings like syllabus, timetable allotments and regarding implementation of any other effective teaching methods i.e. self-finance value added courses, programs etc. A separate register is provided to each department to maintain the record of the minutes of the meetings. • Enough time is spared for conduct of class seminars, tutorials, home assignments, group discussions, projects, field visits and ability tests. At the beginning bridge course is also taken up for non-learners of the newly selected subjects. • Experts are invited to enlighten students on the syllabus contents. • The subject related updated and relevant reference materials like books, articles, journals and PPTs are collected by the use of internet and e-learning resources and also collected from our college library. • Students' participation and involvement is ensured for fruitful interactive and practical sessions. • Teachers are deputed to attend and present quality research papers in various levels of academic meets organized by the other institutes. • Faculty and Students exchange programmes assist in collaborative learning and promote harmonious work culture in addition to the establishment of good rapport with neighbouring institutions. • Periodical internal review meetings are held to discuss the quantum of syllabus covered and suggestions are made to the concerned teachers to fill up the lacuna, if any. • The regular feedback provides the necessary assistance to know the coverage and effectiveness of curriculum delivery. ullet The

grievances regarding the efficacy and quality of syllabus transactions by the students enable to measure the effectiveness of the delivery by the IQAC.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Our functional IQAC regularly collects the feedback from the all stakeholders on various activities of the functioning of the Institution. It is a meaningful activity on the campus and kind of mirror to know the actual quality of teaching-learning process, enabling identification of the strengths of teaching as well as the possible areas of improvements. The feedback with regard to curricula, its relevance and its effectuality in transaction from present students is analyzed. This analysis provides material for strategies needed for syllabus designing in the wake of dynamic global employment market. All the faculty members are acquainted with the success and weaknesses in the transaction of the curricula. They are informed to fill up the lacuna, if any. The employers' expectations are beyond the bookish knowledge. The students and parents also are aware of this fact. Their feedback surely helps in enriching the syllabus for holistic approach. The regular feedback and the regular tests also provide an opportunity to look into the students' performance and effectiveness of teaching-learning activity. The suggestion box and GRC provide students as an opportunity to voice their opinion about teachers' performances. It is a means to get feedback and evaluate teachers' performance on and off the campus. Students are the best judges of the teachers' performances as they are the ultimate end beneficiaries. PTA and Alumni meet provides the essential feedback by the way of suggestions with regard to the quality of teaching. The management also collects feedback with regard to the quality in teaching activity. Our pains taking management is very particular about the sustenance and enhancement of teaching-learning quality is the institution. They are more particular about teachers' commitment and accountability in moulding the career of rural youths. Any lethargic attitudes on the part of faculty, is given serious attention. The University LIC committee visiting the campus evaluates the infrastructure, teachers' performance and students' progression. The analysis of annual results is done by the IQAC. The same is sent to Commissioner for Collegiate Education Govt. of Karnataka Bangalore for making new policies if any for the upgrading of effectiveness of teaching-learning process in higher education. After collecting regular feedback, the IQAC holds the meeting to discuss the views and suggestions of the employers, parents and alumni members and rating and requirements of the students on the aspects of curriculum, teaching-learning and evaluation process, teachers and programme/courses and campus life are made available on the campus. A systematic analysis and evaluation is done. Serious attention is paid to some meaningful inferences drawn to respond to the needs of stakeholders for better quality and satisfaction of the concerned. The responses and suggestions of the stakeholders in respect of feedback on the working system of the college are utilised in the preparation of the future planning of the institution for the overall development of the institution in general and for the furtherance of quality in the institution in particular.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Students pursuing degree courses need proper mentoring/counselling with regard to their courses, available opportunities, various job avenues, life skills and healthy life. Although we don't have professional counsellor on the campus, most of the faculty members discharge the duties of a competent counsellor. The faculty members act as a friend, a philosopher and a guide to the students on the issues of stress management and emotional intelligence. The following table depicts the distributional pattern of semester wise students under the vigilance of staff members allotted for mentoring system. To ensure continuity and accountability, the same faculty is responsible throughout the academic year. Inamdar Mentors/Counsellor here in the college are proactive in engaging the students as the students mainly from rural first generation learners with agrarian background, while visit first time for the higher education institution. The role of the mentor/ counsellor faculty is nurturing and providing support for a student during the difficult transition period. This mentoring system promotes and ensures a continuing and trusting relationship between the mentor/counsellor and mentee. It is helpful in providing advice and direction with regard to career advancement, progression to higher education, research, placements, student welfare schemes and professionalism. The mentor/ Counsellor serves as a resource person who answers many questions, simple or complicated, that the student poses. Most importantly, the mentor/ Counsellor serves as a positive role model. The mentors/ Counsellor are appropriately trained and groomed by the management through Faculty Empowerment Programme. In case of any serious issue with regard to personal and psycho-social problems, we advise to students to contact professional counsellors available in the nearby big cities.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The present Semester System has its inbuilt process of Continuous Internal Evaluation System of two internals of total marks of 20 and a term end examination for 80 marks as per affiliating university rules. ? The internal evaluation comprises of two tests during the 8th week of the semester and is of one hour duration for 20 marks and further it will be reduced to 4 marks. In the 12th week of the semester second test of 3 hour duration for 80 marks will be conducted and further it will be reduced to 10 marks. ? Each 3 marks are allotted for attendance in the class and their participation in assignments, seminars, co-curricular and extra-curricular activities. ? Students who have excelled in sports at University, national and international level are given additional weightage in the internal marks. The Orientation Programmeme acquaints the students with the methodology of CIE system and also their regular evaluation of the activities on/off the campus at the beginning of the semester. It is also perceived in the calendar of activities and also in teaching plan of the all departments. The marks are displayed on the notice board. Under the chairmanship of the principal, the result analysis and review meetings are done, and the reasons for poor performance are sorted out. Suggestions are made for improvement in the internal exams to the learners. In PTA meets, parents are given an opportunity to voice their opinion with regard to teacher performance and their ward's progression.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

As an affiliated institution, we are always adhere the rules and regulations of the parent university. Calendar of Activities gives the list of curricular, cocurricular and extra-curricular activities and the process of working during the entire academic year. In the beginning of the every year, a college level committee formed for the preparation of the Calendar of Activities and Time-Table in consultation with HoD(s), Principal and on par with the Calendar of Events of the University. The following measures of our institution specifies the preparation of our Calendar of Activities is always adhered for the conduct university's examination and other related matters. ? In the beginning of the

academic session the students are apprised of calendar of activities and same is displayed on notice boards and uploaded on the college website. ? Only Head of the Institution can incorporate minor changes in calendar of activities which he may deem to fit considering the unforeseen circumstances. ? The slots of the internal tests are mentioned in the calendar of activities. ? The tentative schedule of all university examinations is given in calendar of activities. ? The concerned teachers announce the syllabus for the preparation of Assignment-I and Assignment-II and these are submitted with in the last dates given to the students. ? Display of marks is also as per the schedule given in university's calendar of events.

Ours being a rural institute, we are bound by the limited resources, most of the students coming to our college are from unprivileged, underprivileged and first generation learners class with agrarian background. We pride on not charging any hidden financial burden on the rural students. In spite of this hindrance, our management is proactive in providing rich infrastructure facilities for delivering quality education from the institution. The institution started with very less infrastructure facilities, has grown gigantic in size. The functional college building committee prepares the plans as per the requirements and the same are sent to UGC for assistance, after getting the matching share consent from MES Management. There have been regular changes as per the requirements in the infrastructural facilities for the effective curricular, co-curricular and extracurricular activities. All the infrastructure facilities are well planned for ensuring their optimum utilization for achieving the desired goals. Every structure and equipment available on the campus is made use of for the benefit of stakeholders. Care is taken for the safety of all the resources. There is timely argumentation of infrastructural facilities with the growing demands and necessities. For maintenance and up keep of the facilities the required allocation fund is made available. The available infrastructure is optimally utilized and maintained in good stead for unstinted use of the same by the institution for the academic as well as non-academic growth of the stakeholders. Academic Support Facilities: • Ganesh Temple - Spiritual Meditation. • IQAC- Planning, Monitoring and Evaluation of Institutional Activities. • Website - Regularly Updated Maintained for Institutional Publicity. • Administrative Block - Admission and Office Works. • ICT enabled Class Rooms- Effective Academic Activities. • Internet/Wi-Fi Facility - Updating Knowledge and Enhancing Employability. • Language lab - Communication Skills. • Computer Lab - Computer Literacy / Internet accessibility. • Geography Lab - Experiments and Collaborative learning. • Commerce Lab - Realize the Concept of Business and Commercial Activities • Library and Information Centre - Reading Resources and Accruing Knowledge. CRITERION VI - GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

1. Practices of Decentralization Management System: There is a perfect decentralized management system practiced in our institution. We believe in collective, coordinating and collaborative working system. The MES management is pains-taking and pro-active. Their endeavor has been to achieve successfully the goals and objectives envisioned at the time of inception of the institution. There is total involvement of MES management, principal and faculty in providing the best possible higher education to the rural youths to succeed in their life and lead a life of honesty and dignity. There is well mechanized governing practice on and off the campus to maintain the quality in educational activities. The management without second thought provides all the essential infrastructural facilities, financial assistance and also the required workforce whenever the need arises for the same to enhance of the quality. The management also ensures teachers involvement in effective governance of all campus activities. The principal, the head of the institution acts as an important connective between the management and the faculty members. He is the ex- officio secretary of MES management. He provides the necessary information to the institution with regard to government policies and the latest developments in the field of H.E. He is instrumental in the development of infrastructure and motivating faculty for the fruitful outcomes. He has to convey and convince the management in case of the demands of the students' and government expectations with regard to injecting of quality in the educational programmes, in consultation with the faculty members. The faculty members provide the necessary ingredients after collecting feedback necessary for the betterment and furtherance of quality in all on and off campus activities. Various committees are formed to discharge the duties related to academic and non-academic activities. The competence and interest of the faculty is considered and powers are delegated in discharging the activities in a fair, fearless and fruitful manner. Students' participation is also ensured in working system of the institution. The teachers and students work in cooperative spirit, encourage individuals to grow. Students are empowered to play an active role in students' council, students' forum, clubs and committees. 2. Internal Quality Assessment System: Quality enhancement is a continuous process, the IQAC become a part of the institutions system and work towards realization of the goals of quality enhancement and sustenance under participative management system . The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it channelizes all efforts and measures of the institution towards promoting its holistic academic excellence. Objectives: ? Development and application of quality benchmarks/ parameters in various activities of the institution. ? Dissemination of information on quality aspects. ? Organization of Workshops/ Seminars promotions of quality circles. ? Recording and monitoring quality measures of the institutions. ? Acting as a nodal agency of the institution for quality related activities. ? Preparation of the Annual Quality Assurance Report (AQAR) and such other Reports as may be decided from time to time. All the above mentioned objectives are implemented with the cooperation of faculty members. The regular meetings of IQAC with the various stakeholders provide ingredients much needed for furtherance of quality and enhancement of employability among the rural students. Totally seven committees are formed for the suitable execution of various academic and extension activities on the campus.
