Student Performance and Learning Outcomes: 2021-22

The real check of the extent to which teaching-learning process has been effective in an institution is reflected in the student performance in the university exams. The evaluation of students' outcomes is done by institution in general and teachers in particular. The prime goal of our institution is to create employable youths, industrious and responsible citizens, inculcate life values and harmonious living. Teachers and students are made aware of these goals. All the efforts are made to achieve these targets.

The orientation programme at the beginning of the commencement of courses details the fresher's about the expected learning outcomes. The students are given detail information about the nature and scope of the courses and their future values. They are made aware of the various job avenues available after the graduation. The teachers too in their regular classes enlighten the students about the opportunities, after the completion of courses. Some of the brighter and promising students are given additional attention for enhancing their academic achievements.

The institution regularly collects and analyses the programme (specific and course) outcomes for the furtherance of quality in teaching-learning and betterment of students' performance. The institute collects and analysis the programme (specific and course) outcomes in the following ways:

- ❖ Participation in class room activities.
- ❖ Collaborative learning and group discussions.
- ❖ Regular class tests.
- ❖ Involvement in the co-curricular and outreach programmes
- ❖ Feedback from parents and alumni.
- ❖ Behavioral aspects and
- ❖ End semester university results.

The IQAC monitors the programme (specific and course) outcomes of all the students. As soon as results are declared, the passing figures are collected from the office. The results are discussed in detail. There is clear analysis of the reason for increase / decrease in the trend of the performance. The HODs are acquainted with the analysis outcome. All the faculty members are made conversant with results. Any serious hiatus between expectation and outcome is given attention to, and suggestions are made for the improvement of quality of delivery and increase the result percentage. All their potentialities are given necessary vent by making rewarding efforts. Students' involvement and participation in all the activities is given due consideration in the selection of the much coveted honor of '*The Best Boy, The Best Girl*' and '*The Best Reader (Male & Female)*'. The rank holders are felicitated along with the subject teachers.

The institution maintains student profile in detail. Their progression to higher studies is recorded in the office. It becomes easy to know when transfer certificates are sent to subsequent study institutes. The students who get placements in various public and private business firms, institutes and offices come for verification of documents. It helps to maintain the placement and progression of the Alumni.

The IQAC monitors on and off campus activities, it constantly endeavors to inject quality in all the college activities. It plans and monitors the execution of the same for the achievement of desired goals. All the campus activities are channelized to achieve better outcomes. The utilization of valuable time, resources and expertise is ensured for better and

brighter results. The committed management assists in monitoring and ensuring quality in all college activities and creating employable and responsible youths. The result analyses of our institution for the year 2021-22 are as follows.

The real check of the extent to which teaching-learning process has been effective in an institution is reflected in the student performance in the university exams. The evaluation of students' outcomes is done by institution in general and teachers in particular. The prime goal of our institution is to create employable youths, industrious and responsible citizens, inculcate life values and harmonious living. Teachers and students are made aware of these goals. All the efforts are made to achieve these targets.

The orientation programme at the beginning of the commencement of courses details the fresher's about the expected learning outcomes. The students are given detail information about the nature and scope of the courses and their future values. They are made aware of the various job avenues available after the graduation. The teachers too in their regular classes enlighten the students about the opportunities, after the completion of courses. Some of the brighter and promising students are given additional attention for enhancing their academic achievements.

The institution regularly collects and analyses the programme (specific and course) outcomes for the furtherance of quality in teaching-learning and betterment of students' performance. The institute collects and analysis the programme (specific and course) outcomes in the following ways:

- ❖ Participation in class room activities.
- ❖ Collaborative learning and group discussions.
- ❖ Regular class tests.

- ❖ Feedback from parents and alumni.
- ❖ Behavioral aspects and
- ❖ End semester university results.

The IQAC monitors the programme (specific and course) outcomes of all the students. As soon as results are declared, the passing figures are collected from the office. The results are discussed in detail. There is clear analysis of the reason for increase / decrease is the trend of the performance. The HODs are acquainted with the analysis outcome. All the faculty members are made conversant with results. Any serious hiatus between expectation and outcome is given attention to, and suggestions are made for the improvement of quality of delivery and increase the result percentage. All their potentialities are given necessary vent by making rewarding efforts. Students'

involvement and participation in all the activities is given due consideration in the selection of the much coveted honor of '*The Best Boy, The Best Girl*' and '*The Best Reader (Male & Female)*'. The rank holders are felicitated along with the subject teachers.

The institution maintains student profile in detail. Their progression to higher studies is recorded in the office. It becomes easy to know when transfer certificates are sent to subsequent study institutes. The students who get placements in various public and private business firms, institutes and offices come for verification of documents. It helps to maintain the placement and progression of the Alumni.

The students are given detail information about the nature and scope of the courses and their future values. They are made aware of the various job avenues available after the graduation. The teachers too in their regular classes enlighten the students about the opportunities, after the completion of courses. Some of the brighter and promising students are given additional attention for enhancing their academic achievements.

The institution regularly collects and analyses the programme (specific and course) outcomes for the furtherance of quality in teaching-learning and betterment of students' performance. The institute collects and analysis the programme (specific and course) outcomes in the following ways:
